VICTORIAN WOMEN'S TRUST GRANTS PROGRAM 2006

Please email to your networks - The Victorian Women's Trust is seeking to fund ground-breaking projects that advance conditions for women living in Victoria and lead to effective and positive change.

In its twenty-year history, a significant proportion of funds allocated in the Victorian Women's Trust's Annual Grants Programs have been dedicated to projects addressing violence against women.

The Women's Trust recognizes the important and continued role for women to lead the way in tackling this issue, and therefore the area of concern the Trust will be significantly focusing on this year is violence against women.

The Guidelines are now available via our website. Click the link below to download a copy of the Guidelines - eligible applicants must address the questions outlined in the application form:
